Aysel Karimova

Junior Security Analyst

aysel.karimova@example.com | Baku

Summary

Junior cybersecurity analyst with hands-on SOC experience: monitoring security alerts in Splunk, incident response and vulnerability scanning. CompTIA Security+ certified.

Experience

Security Analyst — AzNet Telecom, Baku

Mar 2025 – Present

• Monitor and triage security alerts in Splunk SIEM; escalate incidents following the incident response playbook.

• Run weekly vulnerability scans with Nessus and track remediation of CVEs.

• Maintain firewall rules and VPN access; support network security hardening.

• Automate log parsing with Python and Bash scripts.

SOC Intern — CyberShield Azerbaijan

Jun 2024 – Feb 2025

• Investigated phishing and malware alerts; analyzed network traffic with Wireshark.

• Helped harden Linux and Windows servers (Active Directory group policy).

Education

B.Sc. Information Security — Azerbaijan Technical University, 2020 – 2024
